Objectives

Experienced software engineer with 4+ years in frontend development using React.js and Next.js. Proficient in JavaScript, TypeScript, HTML, CSS, Sass, and Redux, with backend skills in NodeJS and ExpressJS. Skilled in React Native, Figma, Adobe XD, and deployment tools like Git, CI/CD, Docker, RabbitMQ, and AWS. Experienced with MongoDB, PostgreSQL, and MySQL. Seeking a role to apply my expertise in testing, performance optimization, and microservices in a dynamic team environment.

Technical Skills

- | | |
|--------------------------------|---|
| • Frontend Technologies | ReactJS, Redux |
| • Backend Technologies | NodeJS, ExpressJs |
| • Mobile | React Native |
| • UI/UX design tool | FIGMA, ADOBE XD |
| • Programming | HTML5, CSS, SASS, Bootstrap, JavaScript, Golang, TypeScript, REST API, SOAP API |
| • Deployment: | Git, CI/CD, Git-Action, GitHub, Docker, RabbitMQ, AWS, S3 |
| • Database | MongoDB, PostgreSQL, MySQL |

Work Experience

Software Engineer Sabre Central & West Africa

April 2022 – Present

Achievements/Tasks

- Led development projects utilizing React.js, Golang and Nodejs, ensuring pixel-perfect user interfaces and seamless user experiences.
- Implemented TypeScript for robust type-checking and enhanced code quality.
- Work within an Agile development process.
- Development of company's internal CI system, providing a comprehensive API for CI/CD.
- Contributed to the architecture design of microservices to improve scalability and maintainability.
- Conducted code reviews to ensure codebase consistency and adherence to best practices.

Frontend Web Developer - (Remote) CryptoSmart

June 2022 – May 2023

Achievements/Tasks

- Collaborated on the development of React.js and Next.js applications, focusing on frontend architecture and user interface design.
- Implemented Sass for modular and scalable styling solutions, ensuring maintainability and consistency.
- Developed and executed end-to-end tests using appropriate testing frameworks.
- Actively participated in code reviews, providing constructive feedback to team members.
- Communicated effectively with remote team members to ensure project alignment and progress.

Senior Software Developer/Embedded Systems Engineer Sterling Tech and Data Science

June 2021 – Mar 2022

Achievements/Tasks

- Collaborated with colleagues to develop a supplier stack application to improve the ease of doing business between procurement

managers and suppliers using REACT for frontend and Django backend.

- Developed an inventory Management System with NodeJS, REST API, and REACT frontend.
- Developed an IOT face recognition attendance monitoring software, alongside the embedded systems hardware with REACT on the frontend and NodeJS on the backend.
- Led the team of software developers to develop a utility management software for Energy Monitoring and Vending

IT Project Manager

May 2019 – May 2021

King's Techtronics Limited

Achievements/Tasks

- Supervised the design of a two-way Biometric-Password access control system from initiation to the design stage.
- Designed application workflow with FIGMA and Adobe Xd
- Developed an employee management system with NodeJS backend and REACT.
- Collaborated with colleagues to develop an ePortfolio web application (Oris) with REACT, Nodejs.

Student Intern

Mar 2018 – Dec 2018

Software Laboratory LAUTECH

Achievements/Tasks

- Monitored the Installation of software.
- Performed occasional software upgrades.
- Developed technical reports for all software and hardware projects.
- Performed computer systems troubleshooting, servicing, and repairs.

Education

BTech.
Computer
Engineering (*First
Class Honors*)

Ladoke Akintola University of Technology, Ogbomosho, Nigeria.

2019

Professional Membership and Certifications

- | | |
|---|----------|
| • National Youth Service Corps (NYSC) <i>[Discharge Certificate]</i> | Feb 2021 |
| • Nigerian Society of Engineers (GMNSE) <i>[Graduate Member] (No.G64922)</i> | Nov 2020 |
| • Diploma in Project Management (ALISON) | Feb 2019 |
| • Diploma in Information Technology Management | Jan 2018 |
| • GOOGLE Certified Digital Marketer | May 2017 |

Seminars

- | | |
|--|----------|
| • Participant: "8 th International Conference on Mobile e-Services", held at The Hall, Ladoke Akintola University of Technology Ogbomosho, Organized by <i>Mobile and e-Computing Research Group of LAUTECH Ogbomosho in collaboration with the Hasso Plattner Institute, Germany, University of Zululand, South Africa and Society for Telemedicine and e-Health in Nigeria.</i> | Oct 2019 |
| • Participant: "Campus to Corporate World" Seminar, held at the Ladoke Akintola University of Technology Ogbomosho, organized by <i>Thrive Shuttle Initiative.</i> | Nov 2015 |

Award

- Scholarship World International (SWI)
SCHOLARSHIP AWARD

Nov 2011
